

Rochdale Netball Club

Mission Statement

Rochdale Netball Club aims to provide a competitive, inclusive and enjoyable environment enabling girls in the local area to develop as players and as people. The club works to achieve this by providing well-planned sessions delivered by qualified coaches who strive to continue developing themselves as well as others. By providing appropriate and timely competitive opportunities for all players and allowing girls to experience success whilst celebrating learning and development as well as achievements. And finally, by creating opportunities for girls to connect away from the court, further enhancing the 'family-feel' the club has had for the past 30 years.
